

NO. 28 FIBREGLASS BASE SHEET

Description

No. 28 Fibreglass base sheet is manufactured from a uniform mat of non-woven glass fibres and coated with oxidized asphalt. This high quality sheet is made with a sanded surface on the bottom side and a thermofusible poly-film surface on the top side, for torch applications. Sand surfacing on both sides is available for mop/mop applications.

Uses

As a base sheet in a built-up roofing system or an S.B.S. modified roofing system.

Specifications

Conforms to: CAN/CSA A123.16 & ASTM D4601
Rolls width: 39.75"

Packaging

Roll Contents: 324 sq.ft. (30 sq. m.)
Rolls per pallet: 20/25
Weight per roll: 84 lbs. approx.
Pallets size: 48" x 48"
